

Dec 10. P.M. I wrote this at the Reading
room at 10 o'clock. I have no paper other than
this come to say that in an in immediate
want of the rings than been expelling them
by the propeller for several days - I would
only say if you will not lend them to me on
the terms proposed to me by your agent
I mean do so immediately on your own terms
as I must have them at once & it is quite
a disappointment to me in not having them

Mr J. S. [unclear]

Yours respectfully
J. Farmer
