

Deer-Rivers Settlement
March 26th 1884

Dear Sir

A Friend of Mine has wrote
respecting the Township Nov 8 in the 9th
Range. This Township formerly belonged
to the heirs of Wm. Doughton. as it is in
your direct neighborhood I presume you
have a perfect knowledge of it.

This Friend of mine would like to
know whether there is any timber
on it, and what it might be worth
as such, or as setting Land. If you will
favor me with your views, as to its
worth, by addressing a short note to me
at this place. I shall feel greatly obliged
to you for him, untill you are better
satisfied. I do not wish you to take any
trouble about this; merely give me your
opinion as to its worth for same.

I arrived at this place yesterday in good
health and spirits, and hope these lines will find
you, and yours, enjoying the same blessing

Respectfully Yours
Jonathan Matthews
