

Day May 28 - 1842

Mr. Daniel Butterfield -

Sir

When you was around  
taking the inventory of the property in our neigh-  
borhood I gave in some property that I  
had in Alden in this state - I then did not  
know the condition that it was in - I would  
now say from information recently received  
that I derive no income whatever from it  
nor have nor but that it remains status quo  
I hasten to give you this intelligence that you  
may not make an unnecessary tax against me -  
but I expect to have to pay a tax as usual  
for the property there -

Yours truly

Freedom Moulton
