

to be a very valuable woman - & a good friend of mine - who often repeats  
to me the same thing you have given about, laboring too hard -  
I am hardly at yet - in a week lets we do I have written 4  
sermons - & considerable tracts of other kind - but I do not usually  
do so much as that - I like to preach, well - & I find I can  
write more easily than at first - still it is no little thing to write a good  
sermon - which I fear I do not often do -

I received a letter from Bro. Wm. Crosby a short time since  
he was then at home at Newby - but was soon going to Canada  
- Bro. as a candidate - He wishes to hear from "us" & I wrote him  
all I knew about the class - Bro. B. B. B. & others, it seems  
is leaving us in the way of instruction - near which is  
"there is time enough yet, for that!" I miss our prayer meetings  
especially our class meetings - Bro. C. reference to these - those  
were truly happy & profitable seasons - do you not feel so?  
I think a great deal of the best year we spent together - & probably  
ever shall - I think I have enjoyed more religion this fall than  
ever before - I do have many happy seasons, in the my retreat -  
Yes I trust my Savior is often here with me - & sometimes I  
do with some faith I hope, commend My Lord & Master  
all to him - I hope that we shall be faithful even unto the  
end - never being reproach upon the cause & do a great deal  
of good - O it is a blessed work if we only have grace  
enough for it - that may we all ever have - My brother  
the former faithful - It is a solemn thing to preach the gospel  
"Who is sufficient for these things?" Write me as often as you  
can - I am ever glad to hear from you & any of the brethren  
Come & see me when you can - I am yours
