

Mr Albert Eels

Dear Sir Capt Blardel informed
me that you was in want of some hard wood
timber, Deck Planks, Stage Poles, Ropes, &c
I have a keel piece 30 or 32 ft long one
upper & lower apron one fore foot and
of promiscuous timber such as floors
also five or six Oak logs

I have a few small hickmatack knees &
spruce knees. I have a plenty of spars & stage poles
which I should be happy to sell you at a fair
price, I should sell the Aprons ^{Oak} & Kilson for six
per ton, the keel for seven & the other timber for \$5.50 per ton

Please give me an answer by return of mail as I
expect a man from Castine to look at it

Yours Truly

A. W. Russell
