

Dear

Hallowell 17 June
1833

I dont write for the purpose
of reminding you that our State Con-
vention is at hand, as I am aware
that you are wide awake on the
subject, but I wish you would
see John Titcomb, & also Dr Crosswell
of Muncie & persuade them to attend
the Convention. I think we shall
have a good number; and it is very
desirable this year to set up a good
man for Govt. - and the advice &
views & feelings, of all our friends in
different parts of the state should be
consulted - Our cause must increase
greatly this year if it is properly
attended to. Your attention to the
above will oblige

Yours obed^t serv^t
