

it would be best for him to employ you to examine  
the records & ascertain all about, & he is to pay  
you for all trouble in the case — If you become  
satisfied, as I doubt not you will, that about such  
a stip as I have described is rightfully & legally  
mine, you will oblige me by making out a  
deed for which he will pay you. He may then  
forward the deed <sup>with \$10.</sup> to me & I will execute it —  
I suppose it is just as proper for me to acknowl-  
edge it in this County as that — am I right?  
Mr Hobbie hears nothing from yr. trustees yet. I hope  
they will give him your school —

Yours truly, J. Admitt

To Mr Chandler

P.S. If you think it of any use, you may  
ask John Barry, if his conscience does not  
tell him he ought to pay me 4 or 5 \$ob. on  
that old debt? If you will coax it out of  
him, you may retain 1 \$ for yr trouble & I  
will be much obliged besides — There is also  
an old note against St. Ann's, of 3 or 4 \$ob., will he  
pay it if asked, to show his principle of honesty?

Is it the duty of Temperance whigs to  
vote for Dr. Hubbard this year? I am sure  
it would be mine, were it not presidential yr.
