

Dresden November 6 1844

Gentlemen Selectmen of  
Woolwich

As it is some years since the line between Woolwich and Dresden has been perambulated we suggest to you whether it would not be best to have it done, and have monuments erected at such places as the law directs, as you are the oldest Town you will please to give us notice of the time and place, when it would be convenient for you to meet us and also furnish a surveyor

Yours Respectfully  
Alfred G. Lathrop Secy  
order of the Board of  
Selectmen of Dresden
