

Auburn April 30. 1839

My Dear Sir. - I have been purposing some time to write you - partly to inquire how you & yours all do - & to say - we are comfortably well; & partly to inquire about the balance on those notes - In respect to which, permit me to say - I am wishing to know when & how well, I can be accommodated with it.

- The people here are wishing me to stay & make my residence permanently with them - I have not decided positively that I shall - or that I shall not - probably shall not <sup>decide</sup> till the time of our County Conference which is to meet here in June. - It will depend partly upon the fact whether the M. Miss. Soc. can help us some what to much. - If I stay - I must purchase -

- the cash down - or in seasonable payments - will make quite a difference in the purchase - better than 25 or 30 Ct. so much is money needed here. - Will you have the goodness to write me soon - & let me know what I may calculate on your assistance to the money.

- & whether I shall need to journey to Monroe for it. - (May I sell the notes? - I do not wish to without need.)  
- We have not heard from Monroe some time since - conclude that you are all living & we hope prospering - & in spiritual health. - My health has been gradually improving - though I am feeling the effects of the western chill & fever, in my system still. - Mrs
