Capt Matthew sir I suppose you have not forgotten that I hand you an order drawn on you by Wm Goding some fifteen months ago, it being for work the said Goding done on the lake dam I cannot see you when I am at Monroon and cannot learn whether there is any prospect that the order will ever be answered, Iiv I am exceedingly needy of that money, and I wish you would inform me something about it and I hope you can tell me when I can have it

My family are in usual health
