in Christ appeared resigned & willing to go — Frances J
remains about the same very low & feeble, although the Doct^r

one says give my love & respects to Father an other says give
my love & respects to Uncle & I say we all send our love respects
& good wishes to you, & also brother S family hope we shall
have the pleasure of receiving a visit from them next Autumn

account, says you may give five dollars per yd or what you thin
