

Please to write in yours all the news <sup>and</sup> <sup>thing</sup> and inform me whether there has been any <sup>thing</sup> said in relation to our ride, also if Mr. Houghton is tolerably easy in his mind, the particulars of the school place and day, whether you think of entering at Waterville or where, the affairs of the club, the health of the individual members &c.

I am haying at one dollar a day in good health and as steady as becomes a laboring man; have had several applications to teach in my own town; I reckon they are not fully acquainted with me yet, however I never attempt pull wool over their eyes. Give my respects to all the club, also to Mr. P. Mrs. ~~Smith~~ and Mr. P. Mr. Williams, if you have taken my old room, also to all inquiring friends. Write immediately, and excuse haste.

Your friend Gershon, H. Burgess
