

Eastport Jan 6. 1849

Dear Sir

Yours of Dec 20th enclosing thirty dollars was duly recd.

We should have ansd it before, but Mr Billings intended to go to Derryville to the Prused Convention, where he expected to see you. But circumstances prevented his going.

In regard to the unsold Books we think it would be better to return all the unsold Books that will not sell in the Spring. All that you think, will sell when the schools open in the Spring or Summer you had better keep if you see fit.

Should that it is useful for you to keep please put them in as compact a shape as possible and send them by stage to us. Send through by good sleighing and agree with the Driver for the price and mark it on the box or pay it, and we will pay to you for it. After they get a thing through they sometimes charge like fun.

Yours respectfully

Billings & Dyer
