H. H. Hobbs Esq

Dr Sir

Yours of the 23rd inst was
received on Sunday. I yesterday called on several
persons & offered the land for sale, it is situated
some distance from this place and but few know
any thing of the quality of the land; the land
speculators wish therefore time to view the premises
- one man made me the offer of ten dollars per
acre, but wishes in secret - I think you will
sell the lot for a greater sum at auction. and
perhaps a better offer may be made after the persons
who wish to purchase have an opportunity of viewing
the land. Please give me further instructions and
I will grant you all the assistance in my power

I remain your friend
