Dear Sir

I received  
a line from you a few days since in  
regard to the Credford concern, a few days  
ago I collected on the old Note Enough to pay  
your Execution after going as many times as  
there was dollars due you on the Execution I told  
you if it was sued I would send it to you  
but I learned by those who better understand him  
the only way that any thing could be done was to  
get a little at a time if it was sued he had nothing  
in his hands of his own of course got it the  
best way I could I shall be at your place  
with in a few weeks and will pay you over your  
Execution

Respectfully  
yours

Benjamin Pitto
