

Judge Telleb of Rochester, N.Y. — John I. Seaman, Esq.
was in college with me, (in the next class above) and can
give information as to my character, qualifications, &c.

I have written the above on the probability that
your present Principal will not continue after this
year. If he does, of course, this communication will
be superfluous, and if he does not, should it effect
on good, probably it will do no harm.

Yours respectfully, &c.

Horace Piper.
