

How glad I shall be when I start for home provided you
are all well what a good time we will have wot we
kising, & Charley and tothing and laughing and running
about in the fields and gardens and orchard, I want
every thing I see down, for you and Charley now write
out you and tell all if you are sick tell me and
I will run all the way home or my boy sister,

I want to say more but dont get it done, dont
let any one see this but yourselves tell the children
to be good and kind to the little loved one,

I cant pay postage because I put
the letter in Sunday and they will
not receive postage on that day
