

Buxton Me Aug 1st 1850

Sir

Agreeable to ~~the~~ your request which I hold with
as high esteem any man's, I write to you hoping you
will pardon the many and great mistakes which
this letter may be subject to. We are all as well as
usual and Father works down to William Berry's
hayings when the weather will permit which has been
dull most of the time since you left. There has been
nothing stirring here of much importance either for
business or amusement excepting the blue berry
parties which are continually passing, but it is repor-
ted by most all that I have seen that they are not so
very plenty as they sometimes are, I have not been
yet but intend to go next day after to morrow with those
Cousins of mine which you saw from Cambridge.
Would that be grand? I reckon the Mail has not been
along this way very lately for I have not heard a
diss of news since you left Buxton; and being unable
to manufacture any I must close by saying that
we should all be glad to see any body from Eaton
and especially Isaac Allard. I should be most highly
gratified to have you return this compliment by
writing three pages insted of one

Most respectfully your

Friend Liberty Dennett
